All acceptances are at the discretion of the Chief Coach. Athletes with a disability may be incorporated into the scheme within a group which is suitable for their physical needs but not necessarily their age, these athletes must make the minimum attendance for the group.
4. Where deemed necessary by the Chief Coach swimmers must train solely with the Barnet Training Scheme.

6. The coaching staff are responsible for the swimmers within the training scheme from the time they arrive on poolside at the start of their allocated session to the end of the allocated session. It is the parent's responsibility to get the swimmers to and from the poolside safely. Parents of swimmers aged 18 years and younger should remain in the building whilst their child is swimming.
7. In the event of a child under the age of 18 years of age being unable to complete a training session they will remain on poolside, being the responsibility of the coaching staff until the end of the allocated session. If a child (under 18 years of age) is sick or injured during a training session a parent must be contactable on an emergency contact number, if the parent cannot be contacted it may be necessary for the Local Authority Child Services to be contacted in order to assist with the child.

In the event of spaces being available in the next group and no swimmers making the published entrance criteria, swimmers may be promoted if they have shown the ability to cope with the sessions and workload in the next group despite not making the performance criteria. It is imperative that each swimmer being promoted has shown they are physically and emotionally ready for the increase in sessions and workload prior to being promoted.
12. Promotions from group to group will be determined by the Chief Coach based on the squad written guidelines. However, in exceptional circumstances the Chief Coach may decide to promote a swimmer who has not yet met the required standard for the next group if the Coach feels that the swimmer has the talent to adapt to the increase in workload and sessions or it is felt that the swimmer has come into the sport late and does not meet the age criteria for promotion but is progressing quickly enough to catch up with his/her peer group.
13. All members including parents must comply with any reasonable request/instruction made by GLL staff.
14. In the event of injury, illness or exam periods preventing a swimmer from completing the prescribed sessions within their normal squad, the swimmer will only be allowed to train with club squad. For injuries the Chief Coach will prescribe a rehabilitation programme specific for their needs.
